

# Improve Operational Efficiency of Your Field Services

Eric Chan

Senior Sales Engineer, Dell Boomi

December 11, 2018

# Agenda For Today

- Field Services at A Glance
- Connecting Your Field Workforce with Boomi Flow
- Demo Scenarios
- Achieving Business Outcomes via Boomi Flow

# Field Service Management

Field service operations dispatch technicians to customer locations to provide services, typically installation, repair or maintenance, for customer-owned equipment or systems. The equipment or systems may be actively managed, maintained and monitored under a predefined service or maintenance contract.

# Challenge: IT's App Dev Burden

# What Flow Does: Accelerate App Development with Low-Code

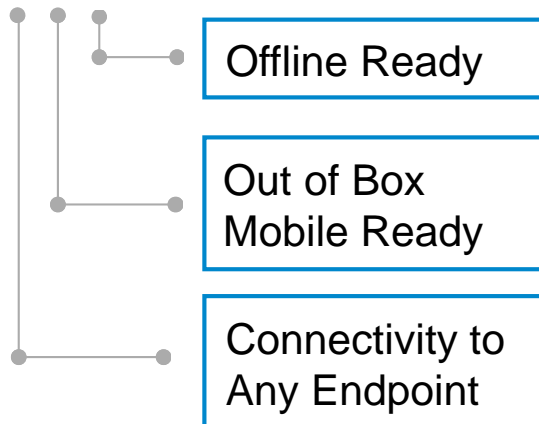

Build Applications, not Infrastructure

# Provide Last Mile of Connectivity On the Field

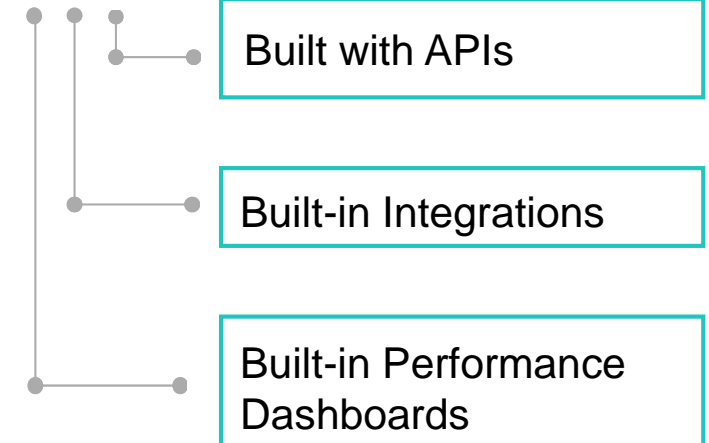

## Unlimited Connectivity

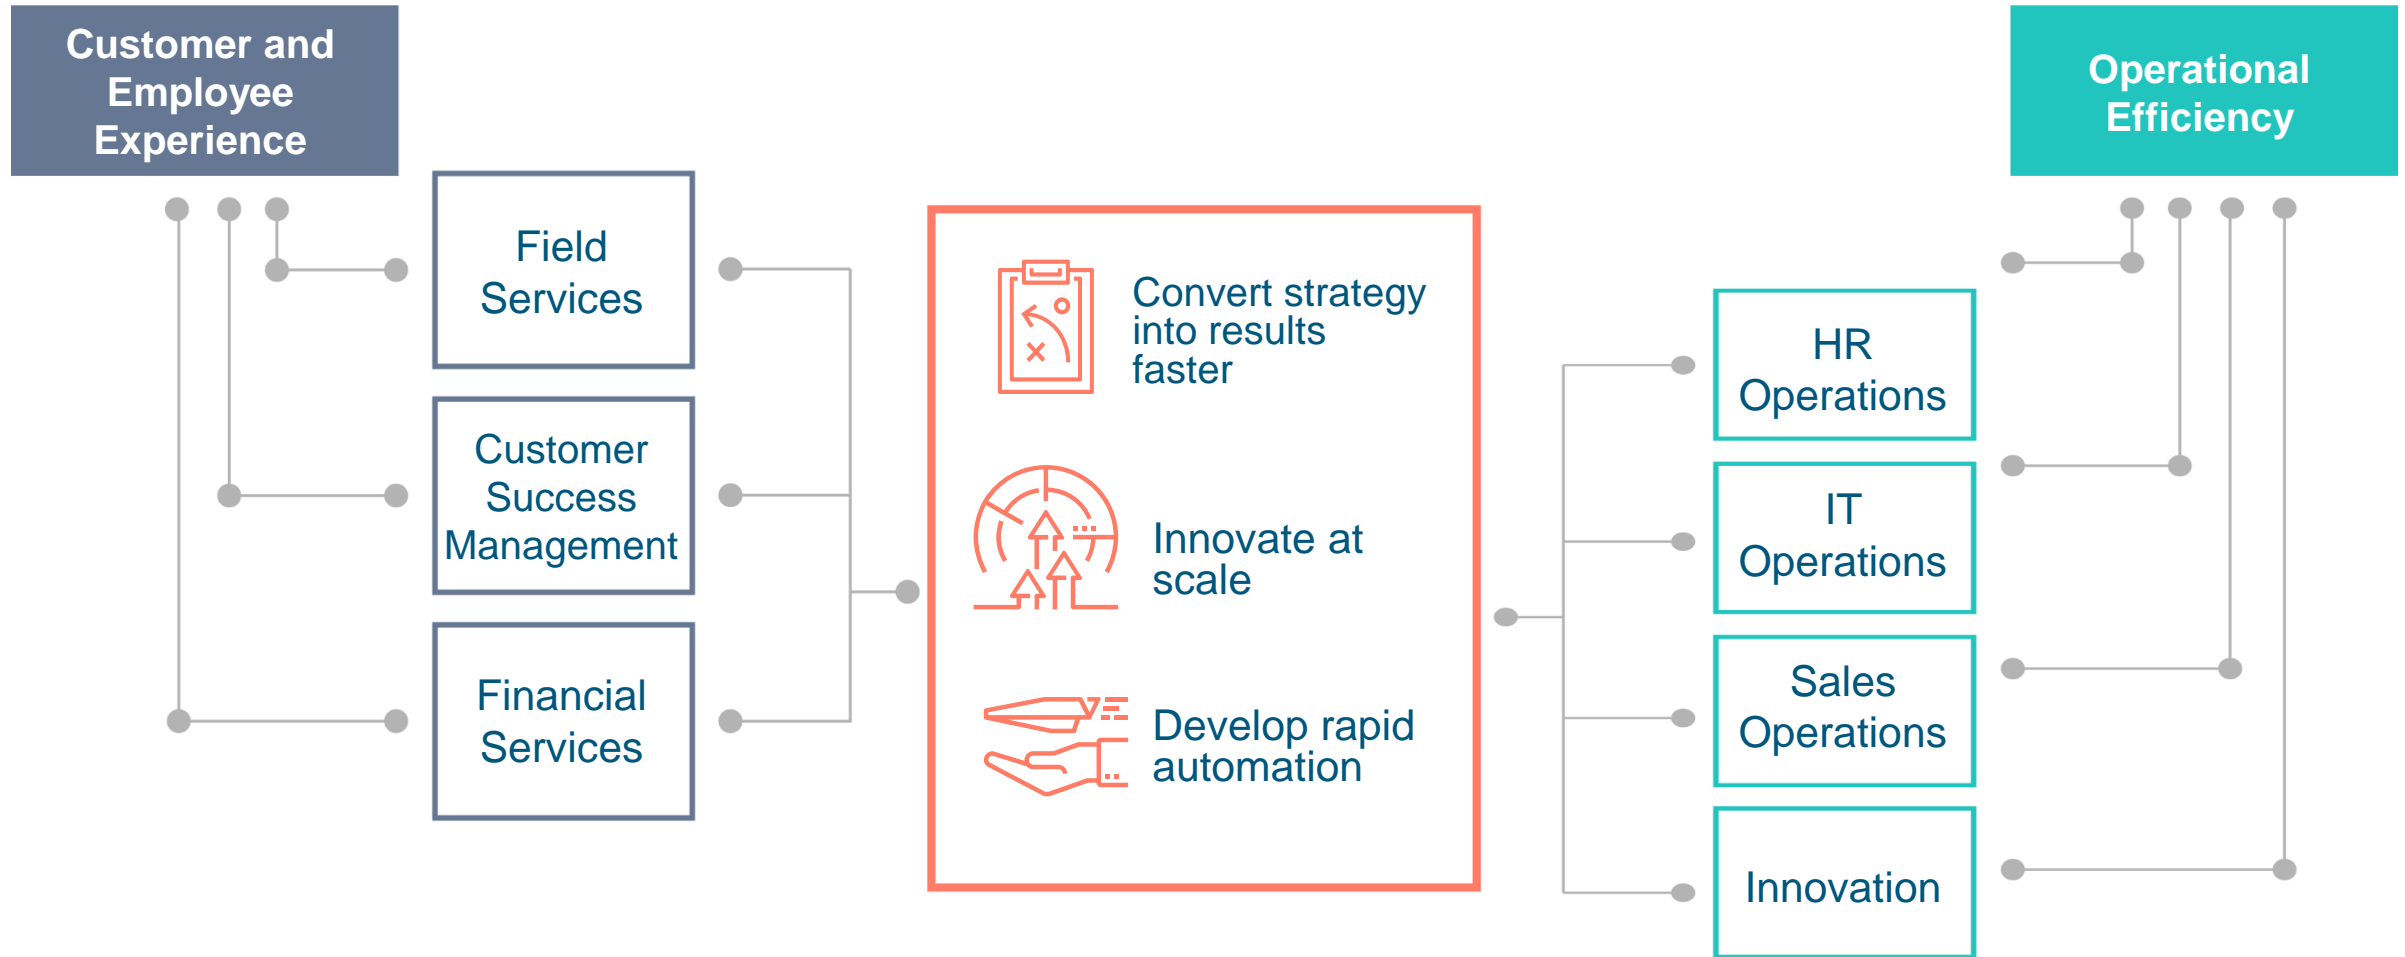

## Enterprise Grade

## Customizable

# Empower Your IT and Line of Business Partners

# Digitizing Field Worker Processes; Improving Productivity by 25%

Asset Intensive business over wide geographic area

Occasional Telecom Connectivity

Majority Paper-based processes  
- 1700 PDF forms for different work activities

Manual approach results in significantly reduced "tool time"

Data collected in the field needs to be cached and then interfaced in up to 10 systems

## Home Healthcare Organization

## Easier to Use Solution Sought to Adhere to Healthcare Compliance for Medical Supplier

Salesforce | SAP

- To adhere to HIPAA compliance - patients required a home visit every 4 months for nurses to re-authorize the supply of medical oxygen oftentimes in remote locations (no internet access)
- Minimum disruption of business continuity
- Simple and easy to use app delivered in 8 weeks, built with standard Flow builder and themes for offline usage
- Front-end app for back-end integration of Salesforce and SAP

Flow

# Mobile Orders and Approvals

# Mobile Ordering and Approvals

**Situation:** Sales rep for a multinational beverage company visits with customers and offers samples of the latest seasonal beverages.

**Challenge:** Top tiered customers would require larger quantities of beverage samples. With a remote work force approvals can take days.

## **Specific Solution Capabilities:**

- Show up-to-date product samples from product database
- Deliver standardization and automated escalation around the human portions
- Allow mobile/remote workers to participate in a workflow for real-time resolution

**Outcome:** Faster turnaround, Fewer disruptions, Improved customer satisfaction

# Mobile Beverage Ordering

Sales rep selects beverage sample from mobile phone

Boomi Flow  
Launch Mobile  
Beverage Ordering  
Process

Manager receives SMS alert and approves

Samples delivered to a happy customer

Data-repositories of choice!  
[PostgreSQL database on AWS in the sample]

Beverage offerings pulled from central database and business rules fired to determine if approval is required

# Sales Chatbot

# Sales Chatbot

**Situation:** Sales operations team have rolled out a new chatbot to help field employees quickly and easily navigate their CRM.

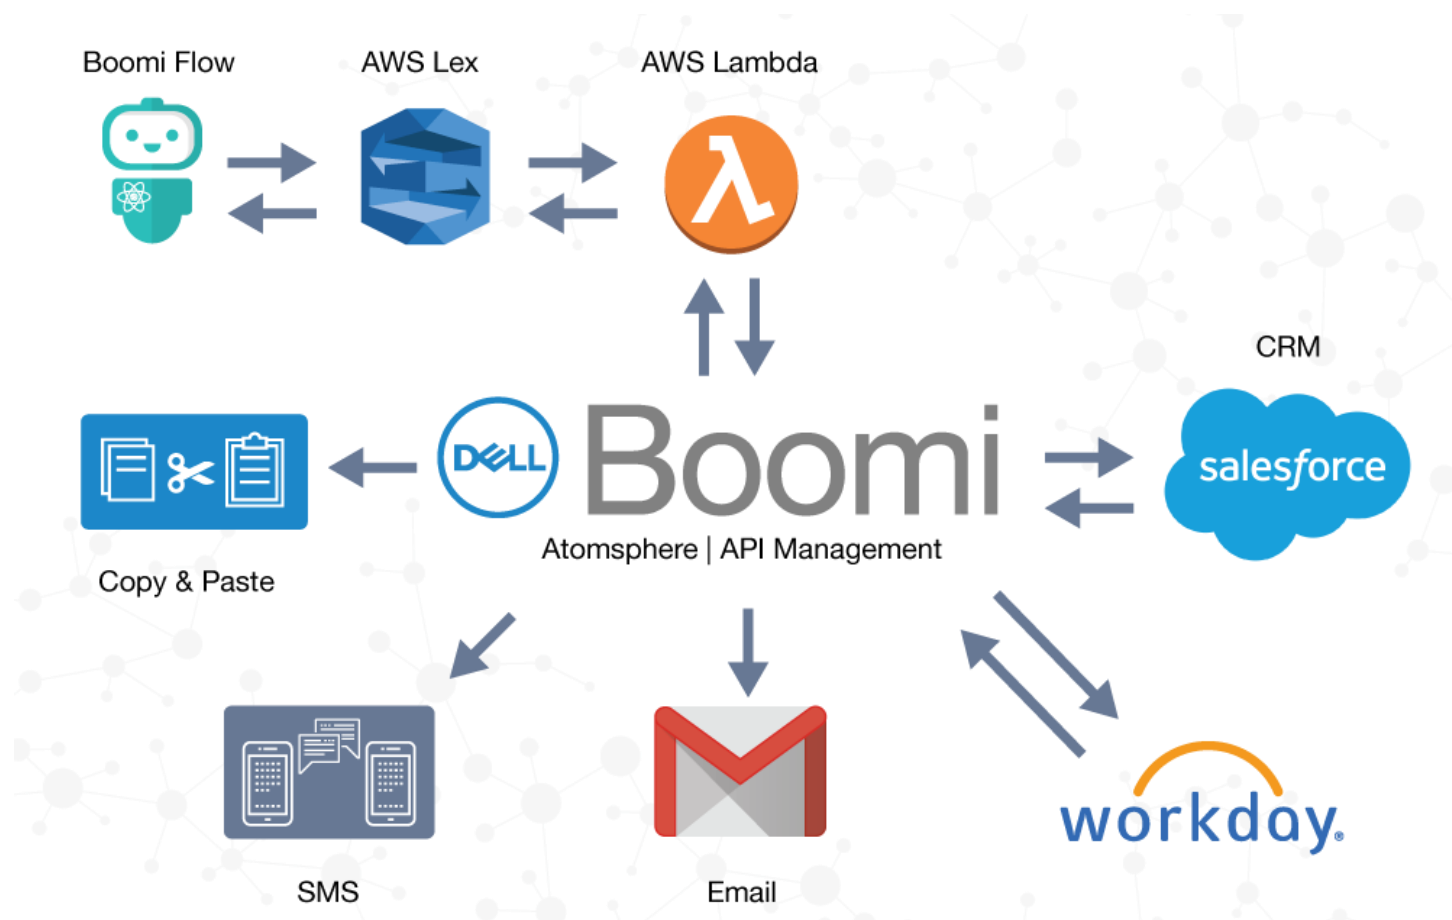

**Challenge:** Even with the latest in connectivity accessing customer information is very time consuming.

## **Specific Solution Capabilities:**

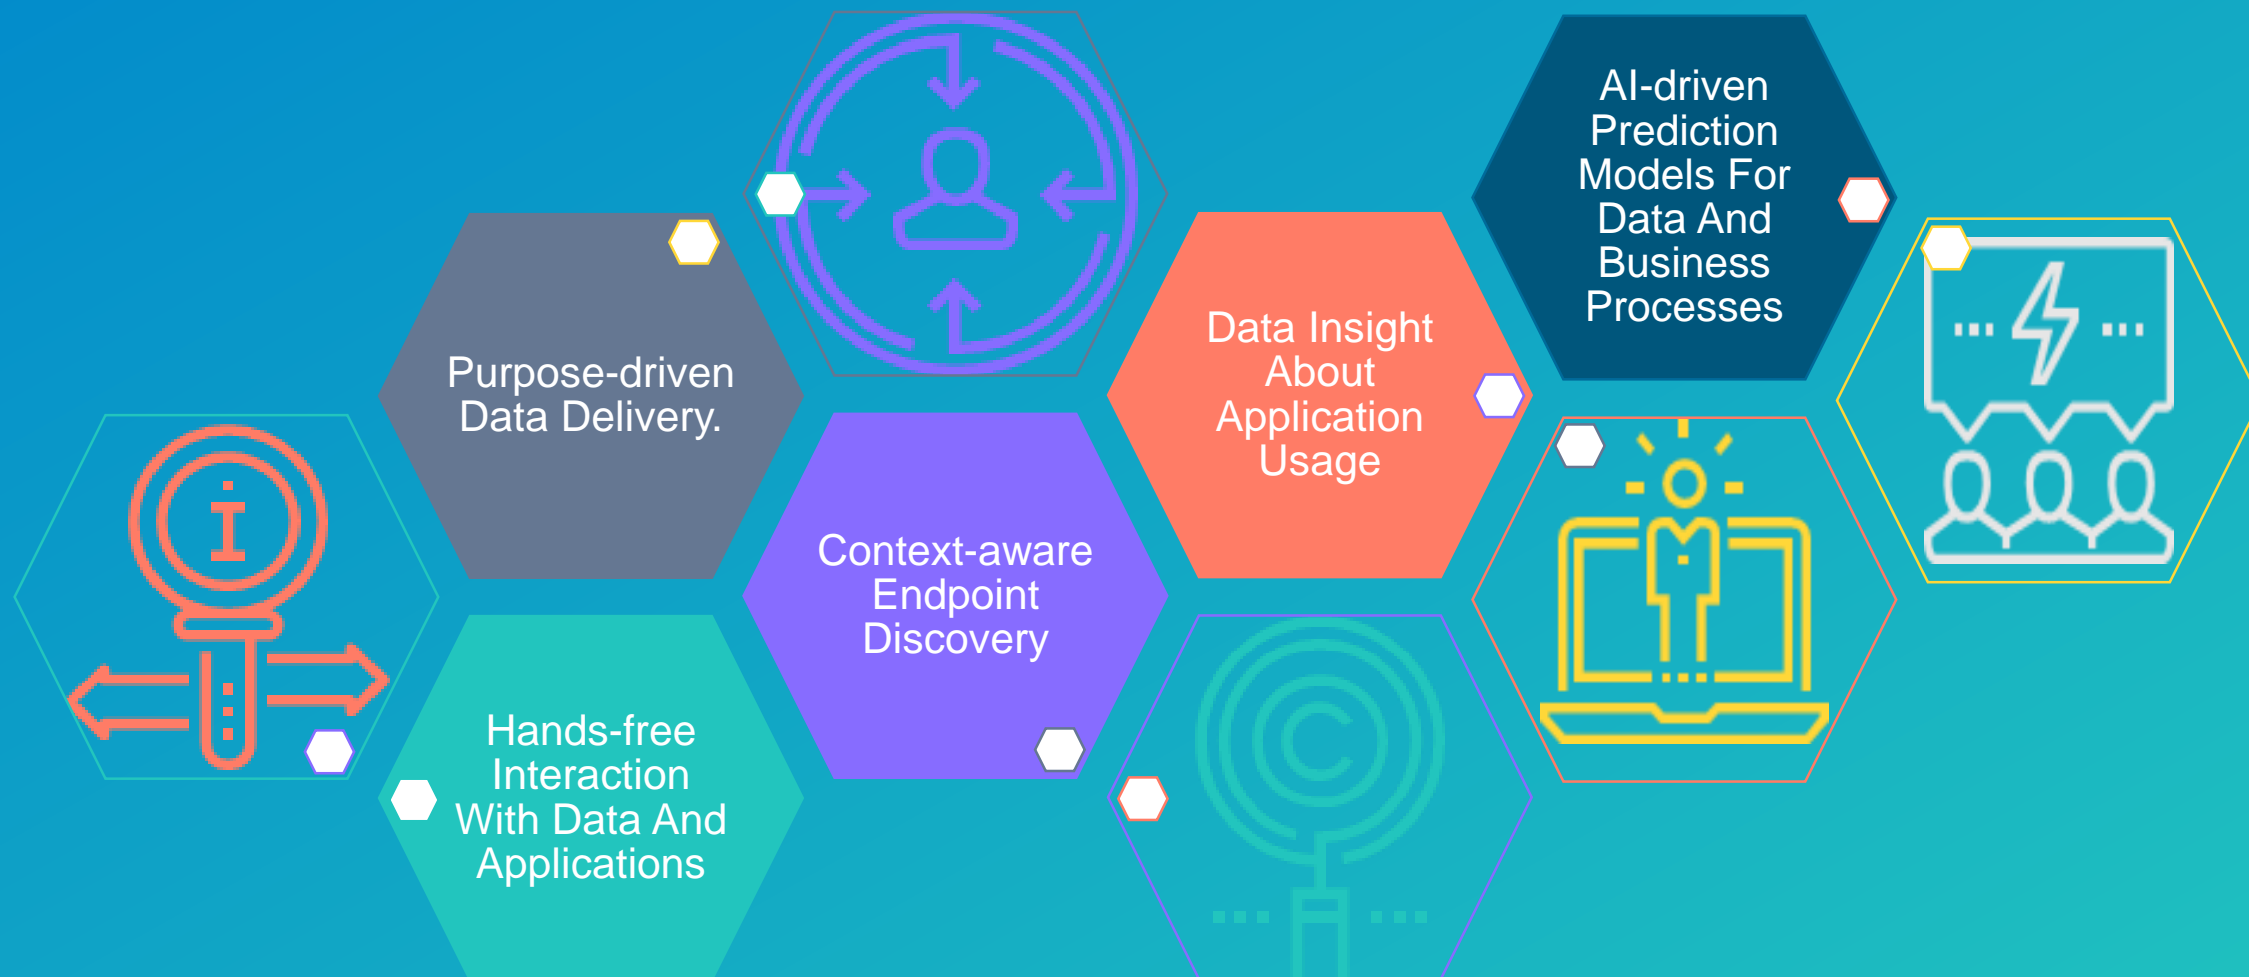

- Orchestrate requests to API enabled AI tools
- Assistant driven approach to information retrieval
- Integrate to CRM

**Outcome:** Faster turnaround, Efficient data retrieval, Latest customer information

# Building a Chatbot with Boomi
